WASTE TO WONDER WORLDWIDE

Waste to Wonder Network Operations Ltd

ENVIRONMENTAL STATEMENT

Company Environmental Statement

Waste to Wonder Network Operations Limited is committed to leading the industry in minimising the impact of its activities on the environment.

The key points of its strategy to achieve this are:

Minimise waste by evaluating operations and ensuring they are as efficient as possible. Maximising redistribution of redundant client assets through our local and international charitable programs.

Minimise emissions through the selection and use modern well serviced vehicles and car sharing where possible. We seek to minimize the environmental impact of redistribution by maximising loads.

We actively promote recycling of items not suitable for reuse both internally and amongst its customers and suppliers. We only use auditable, registered recycling centers.

We hold a T11 exemption to recondition IT equipment.

We are a registered waste carrier and broker.

We strive to meet or exceed all the environmental legislation that relates to the Company.
